

# FLY CLEAR of WILDFIRES and SMOKE

for your safety and the safety of aerial  
firefighters

- Do not approach to investigate
- Stay at least 5 nautical miles from the smoke
- Do not risk a violation
- Report suspicious smoke to nearest flight service station
- Airspace surrounding a wildfire may be restricted (FAR 91.137)
- Restrictions vary with the size of the incident
- Even a single smoke could have aerial firefighters already on scene
