Class Descriptions

S-130/S-190 Basic Firefighter Training

February 11 – 14, 2016 0800 – 1700

This introductory course is designed to train entry-level firefighters. The student will gain an understanding of the basic incident management organization, firefighting techniques, suppression equipment, safety, strategy/tactics, along with basic fire behavior. Field exercises will be performed for valuable hands-on training. This course is designed for entry-level firefighters.

*Prerequisite(s): NONE

**Limited to 40 students

LIVE FIRE EXERCISE!! Scheduled for February 14th, full PPE is required to participate. This includes nomex shirt and pants (or coveralls), leather gloves, eye protection, helmet, leather boots, fire pack, and fire shelter.

S-219 Firing Operations

February 12 - 14, 2016

0800 – 1700

The course introduces the roles and responsibilities of a firing boss (FIRB) and outlines duties of other personnel who may engage firing operations. The course discusses and illustrates common firing devices and techniques. Although comprehensive in nature, the course work is not a substitute for the dynamic fire environment. This course was developed using a **blended approach** to learning, meaning that it contains a mix of online and instructor-led training (ILT). Students are required to complete the online training portion of the course prior to taking the ILT. This course is targeted towards personnel desiring to be qualified as firing boss, single resource (FIRB) and firefighter type 1 and 2 personnel looking to gain valuable information to conduct or participate in firing operations.

*Prerequisite(s): Qualified as a firefighter type 2 (FFT2); successful completion of online training

**Limited to 20 students

LIVE FIRE EXERCISE!! Scheduled for February 14th, full PPE is required to participate. This includes nomex shirt and pants (or coveralls), leather gloves, eye protection, helmet, leather boots, fire pack, and fire shelter.

Tender Shuttle

February 13 - 14, 2016

0800 – 1700

This course is designed to introduce trainees to the principles of setting up a tanker shuttle operation for supplying water to suppression resources. Topics will include various water supplies found in rural areas such as dry hydrants and ponds. This course will discuss preplanning for water supply sites and considerations for designing a water tanker. The final exercise requires the student to set up a tanker shuttle operation and to supply water to incoming engines.

*Prerequisite(s): None

**Limited to 20 students

LIVE FIRE EXERCISE!! Scheduled for February 14th, full PPE is required to participate. This includes nomex shirt and pants (or coveralls), leather gloves, eye protection, helmet, leather boots, fire pack, and fire shelter.

Mini Wildland Engine Academy

February 12 – 14, 2016 0800 – 1700

The Mini Engine Academy is a 16 hour course designed to expose the student to various aspects of wildland engine operations with an emphasis on practical application and safe engine practices. Participation from local fire agencies is encouraged.

*Prerequisite(s): None

**Limited to 20 students

LIVE FIRE EXERCISE!! Scheduled for February 14th, full PPE is required to participate. This includes nomex shirt and pants (or coveralls), leather gloves, eye protection, helmet, leather boots, fire pack, and fire shelter.

S-231 Engine Boss

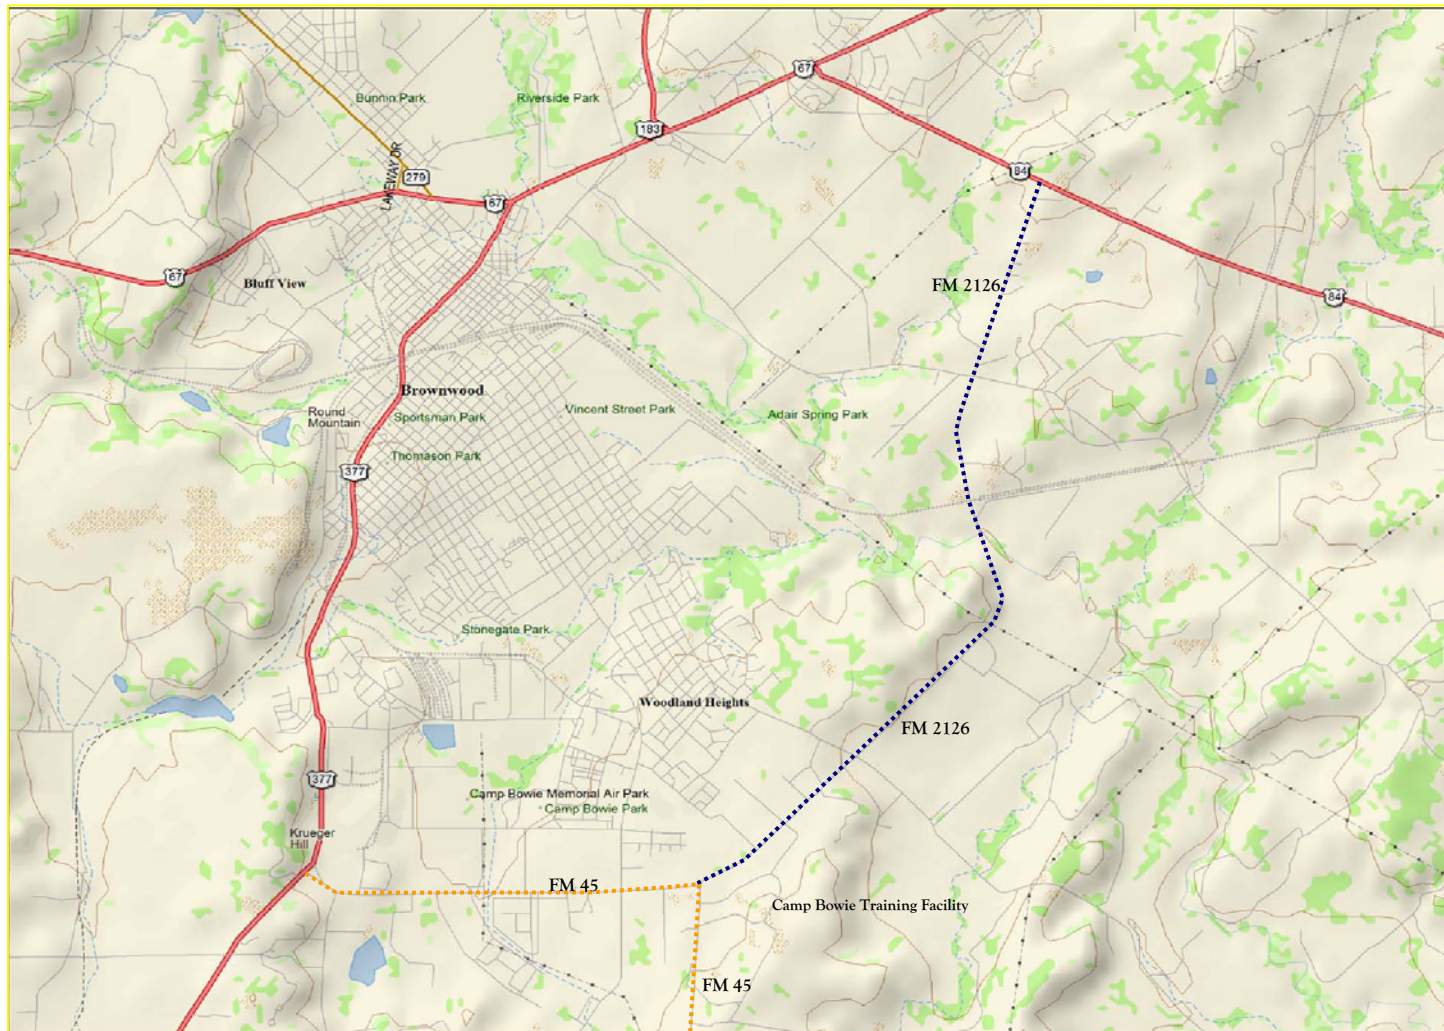

February 12 – 13, 2016 0800 – 1700

This is a skill course designed to produce student proficiency in the performance of the duties associated with engine boss, single resource (ENGB). Topics include: engine and crew capabilities and limitations, information sources, fire size-up considerations, tactics, and wildland/urban interface.

*Prerequisite(s): Qualified as an FFT1 and successful completion of S-230

**Limited to 30 students
