

From George Bush Intercontinental Airport:

Take Will Clayton Pkwy east from the airport to US-59. At the intersection of Will Clayton Pkwy and US-59, you will head North on 59. Lufkin is roughly 100 miles from the airport. Once in Lufkin, you have 2 options – Option 1: Exit onto the Whitehouse Drive exit and make a U-turn to head back South on 59. Angelina College will be on your right. You should notice a large statue of a roadrunner in the front. The entrance into Angelina should bring you to a stop sign. Turn left, following the road around until you drive into a parking lot. The Community Services (CS) building is at the back of the lot, with the Technology Workforce Development Center (TW) building behind it. Check-in will be in the TW building. Option 2: Turn left at FM 819, also called College Drive. (If you pass Angelina College on your left, then you have gone too far.) You will then turn right into the first driveway. This will take you to the parking lot that you can use. The CS building will be on your left, and the TW building will be behind it.

From the North:

Follow 59 South in Lufkin, as if you were going to Houston. You will pass a Walmart, Taco Bell, and Starbucks on your right. Angelina College will be on your right a short distance after you pass under the Whitehouse Drive overpass. You should notice a large statue of a roadrunner in the front. The entrance into Angelina should bring you to a stop sign. Turn left, following the road around until you drive into a parking lot. The Community Services

(CS) building is at the back of the lot, with the Technology Workforce Development Center (TW) building behind it. Check-in will be in the TW building. Another option is to turn right at FM 819, also called College Drive (this will be the first red light after you pass Angelina College). You will then turn right into the first driveway. This will take you to the parking lot that you can use. The CS building will be on your left, and the TW building will be behind it.
