-----------------	-------------

Applicant Contact Number:

Points to consider when reviewing PTB:

<u>Yes</u>	<u>No</u>
	<input type="checkbox"/>
Position Taskbook (PTB) was properly initiated by Fire Chief or designee and signed Agency Certification.	
PTB has a final evaluator Verification page, signed by a qualified final evaluator and the final evaluator was the last evaluation record.	
PTB is completely filled out including Names, information, initials and dates.	
Trainee has submitted a minimum of one satisfactory ICS 225 performance evaluation with PTB.	
PTB is current and completed within 5 years of the first evaluation, and currency was maintained.	
Trainee documents experience in a minimum of two fuel types.	
Trainee documents the minimum of three (3) wildfire evaluations, which provide adequate experience and time for the position being qualified for.	
Trainee documents a minimum of two different evaluators with positive review.	
No two evaluation records span the same time frame and every incident or event has its own evaluation record.	
Trainee documents a minimum of one wildfire assignment that spans more than one operational period. (Or a multi operational RX if applicant documents sufficient wildfire experience).	
For National consideration one wildfire assignment must be on a Type I, II or III incident and be multi operational periods with interaction with an established fire organization.	
Trainee documents a minimum of two wildfire assignment that is outside his/hers home unit.
